

Eight is NEVER Enough TECH RIDER

SGF PRODUCTIONS, LLC
212-568-6560

Performing Environment

Outdoor performances should be sheltered from direct sun and precipitation at all times.

A Table should be place for props close to staging area

A secure dressing area for up to 6 ppl

Cast requires drinking water backstage. Additional snacks and beverages welcome.

Technical Requirements

Two hand held microphones on stands placed center stage. For outdoor and theaters with 200 or more seats, additional five wireless lapel or head mounted microphones.

CD Player required.

Piano or Keyboard, preferably grand piano. For Grand Piano, place down right, pianist should be facing on stage and slightly up stage. For keyboards place Up Right with player facing audience.

Basic Theatrical Stage lighting required. Very simple blackouts only.

House lights should be kept at 30-40%. Full house black makes audience interaction difficult.

If available, LCD Projector and screen. Projection of logo as back drop.
